SUBJECT INDEX*

A

- Abdominal scar following cesarean section, endometriosis of an, (Williams), 102, 120
- Abscess of the wall of the uterus with hemolytic streptococcus, (Mas- sel), 267
- Adenocarcinoma of uterine body, early, completely removed by curet- tage, (Seides), 117
- Alimentary and female genital systems, diseases of the, reciprocal relations between, (Wal- scheid), 104
- Allen Doisy test, is the, specific for the female sex hormone, (Dohrn), 142 (Abst.)
- American Association of Obstetricians, Gynecologists and Abdominal Surgeons, transactions of, 687
- American Gynecological Society, officers for 1929, 884
- Amniotic fluid, effects of, on serosa and serous surfaces, (Warren), 760 (Abst.)
 - method of accomplishing internal podalic version in the absence of, (Araya), 442 (Abst.)
- Anal shield, an improved, (Campbell), 873
- Anemia in pregnancy, (Galloway), 84, 136
- Antenatal care, how far can unsuccessful forceps cases be prevented by efficient, (Hendry), 444 (Abst.)
- Anterior lobe of the hypophysis, hor- mone of the, (Zondek and Aschheim), 139 (Abst.)
 - of the pituitary, (Zondek and Asch- heim), 139 (Abst.)
- Appendix, routine removal of the, in all abdominal operations by a suitable technic, (Baldwin), 449

B

- Bandl's ring, maneuver to overcome the difficulty caused by, in in- ternal podalic version, (Fer- nandez), 442 (Abst.)
- Basal metabolism, influence of ovarian function on the, (Heyn), 145 (Abst.)
 - relation of, to gestation, (Litzenberg and Carey), 550, 707

- Basedowoid disease in women, increase in, since the war and its ex- planation, (Firgau), 759 (Abst.)
- Birth rate, diminished, in Europe, marital fertility and, (Albrecht), 737
- Bladder complications, postpartum, (Prather), 215
- Bleeding, menstrual, parathormone in the control of, a study of the use of, (Allen and Goldthorpe), 344
- Blood calcium levels between and during menstrual periods, a compar- ison of, (Allen and Gold- thorpe), 789
 - in normal pregnancy, ratio of urea nitrogen to total nonprotein nitrogen in the, (Denis, King and Briggs), 386
 - loss in the third stage of labor, factors governing, (Calkins), 578, 701
 - menstrual, regurgitation of, from one double uteri caused by con- genital atresia, (Allen), 868
 - of the pregnant woman, ovarian fol- licular hormone in the, a study of, (Smith, Margaret G.), 138 (Abst.)
 - plasma, removal of, and the reinfusion of corpuscles in the treatment of the convulsive toxemia of pregnancy, (Irving and Tay- lor), 767, 883
 - pressure, effects on, of pituitrin and oxytocin in the puerperium, (MacGregor), 125
 - sedimentation, its history, theory and clinical significance, (Osten- dorf), 293 (Abst.)
 - serum and the vegetative system, potas- sium and calcium ion-concen- tration of the, ovarian func- tion and, (Schultze), 145 (Abst.)
 - sugar, fluctuation of, before and after an eclamptic convulsion, (Laferty, Nark and Sweeny), 113
 - test, female hormone, clinical data obtained with the, (Frank and Goldberger), 142 (Abst.)
- Bone marrow stimulation in the puer- peral woman by injection of pituitrin and intravenous glu- cose, and its clinical applica- tion, (Hofbauer), 761
- Books received, 296, 452
- Breech, forceps applied to the, (Varo), 445 (Abst.)

*Index to pages of the Journal. Vol. XVII, January-June, 1929. January, pages 1-150; February, pages 151-296; March, pages 297-452; April, pages 453-602; May, pages 603-760; June, pages 761-902.

Breech—Cont'd

- presentation, fetal mortality in, (King and Gladden), 78, 130
- is prophylactic external version advisable in, (King and Gladden), 78, 130
- operative treatment of, (Küstner), 446 (Abst.)
- prophylactic external version in, (McGuinness), 441 (Abst.)
- Brooklyn Gynecological Society, transactions of, 123, 125, 881, 883

C

- Cancer of the cervix, radiotherapy in the treatment of, (Dannreuther), 524, 718
- uterine, pyometra following radium therapy for, (Bland), 528, 718
- radium therapy for, pyometra following, (Bland), 528, 718
- Carbohydrate metabolism in toxemia of pregnancy, disturbances in, (Titus), 553, 706
- Carcinoma, myoma, and sarcoma developing in the same uterus, (Newell), 191
- of the cervix, early diagnosis and prevention of, (Pemberton and Smith), 165
- of the fundus of uterus following Watkins' interposition operation, (Corvase), 239
- of the ovary after the menopause associated with recurrence of uterine bleeding, (Strauss), 248
- uteri, radium therapy of, (Ward), 1, 126
- Castration, operative and x-ray, changes in the hypophysis of the rat after, (Schenk), 143 (Abst.)
- Cephalic version, Marmaduke B. Wright and, (Thoms), 814
- Cervix, cancer of the, radiotherapy in the treatment of, (Dannreuther), 524, 718
- carcinoma of the, early diagnosis and prevention of, (Pemberton and Smith), 165
- problems associated with the, (Huggins), 589, 689
- Cesarean section, abdominal scar following, endometriosis of an, (Williams), 102, 120
- a review of 109 cases, (Lull), 403, 417
- a study of 165 consecutive, including a comparison between 104 classical operations and 61 laparotomies, (Quigley), 597, 715
- at the Methodist Episcopal Maternity, a survey of, (Humpstone), 663

Cesarean section—Cont'd

- by Fritsch's technic, with a report of sixty consecutive cases without mortality, (Niemack), 860
- is it becoming too general, 741
- mercurochrome as a vaginal antiseptic before, (Mayes), 645, 723
- Chicago Gynecological Society, transactions of, 132, 267, 419, 728
- Cholecystography as an aid in determining gall bladder stasis in pregnancy, (Fogelson), 613, 731
- Chorioadenoma and choriocarcinoma of uterus, (Wolfe), 826, 882
- Classic forceps, modification of the, and its application, (Seides), 262
- Collective reviews:
 - A review of the gynecological literature of 1928, (Schochet), 885
 - New books, (Frank), 426
 - The obstetric literature of 1928, (Greenhill), 742
 - The Second International Congress of Radiology at Stockholm, July, 1928, (Stein), 275
- Colpotomy, intravaginal prolapse of the fallopian tube after, (Moulon-guet), 48 (Abst.)
- Conception and pregnancy, incretory influence of male sex glands on, (Reiprich), 148 (Abst.)
- Corpus luteum, biologic action of the, concerning the, (Ancel and Bouin), 144 (Abst.)
- Correspondence, 449, 733
- Craniotomy, some observations on, at the Woman's Clinic at Lund, (Fischer), 442 (Abst.)
- Curettage, early adenocarcinoma of the uterine body completely removed by, (Seides), 117
- Cystadenoma of the ovary, papillary, so-called everted variety of, (Dorland), 132

D

- Decidual formation of the peritoneal surface of the gravid uterus, (Hofbauer), 603
- reaction in extrauterine pregnancy, (Kline), 42
- Delivery, abdominal, of triplets, (Mann), 726
- Diabetic coma complicating pregnancy, (Merriam), 684
- Diseases of the alimentary and female genital systems, reciprocal relations between, (Walscheid), 104
- Dry labor, an analysis of 600 cases, (Schulze), 20

E

- Eclampsia, hepatic lesion in, (Dieckmann), 454, 696
 J. Whitridge Williams questionnaire on, a partial answer to the, (Titus), 553, 706
 Eclamptic convulsion, fluctuation of blood sugar before and after, (Laferty, Nark and Sweeny), 113
 toxemia, some physiologic aspects of, (LeDoux), 90, 130
 Ectopic gestation, relation of, to the associated uterine changes and vaginal bleeding, (Geist and Matus), 151
 report on seventy-six cases of, (Bubis), 74
 pregnancy, gross microscopic sections from specimens of, (Litzenberg), 121
 Egg cell, the primacy of the, (Westman), 144 (Abst.)
 Endometrioma, (Smith), 806
 Endometriosis, experimental, (Schochet), 328, 413
 of an abdominal scar following cesarean section, (Williams), 102, 120
 Episiotomy and the immediate postpartum repair of both old and new perineal injuries, (Titus), 448 (Abst.)
 constitutional indications for, (Bucura), 448 (Abst.)
 median, a new device for performing, (Michael), 265
 with modified operative technique, (Blevins), 197
 Extrauterine pregnancy, decidual reaction in, (Kline), 42
 full-term, with living child, (McCullough), 724

F

- Fallopian tube, intravaginal prolapse of the, after colpotomy, (Moulon-guet), 48 (Abst.)
 Female genital and alimentary systems, reciprocal relations between diseases of the, (Walscheid), 104
 hormone blood test, clinical data obtained with the, (Frank and Goldberger), 142 (Abst.)
 sex hormone, excretion of the, (Dohrn and Faure), 139 (Abst.)
 in the blood of women, variations in the, (Hirsch), 138 (Abst.)
 in the urine, diagnosis of early pregnancy through the detection of, (Mazer and Hoffman), 186
 especially in pregnant women, (Zondek), 139 (Abst.)
 of men, presence of the, (Laqueur, et al), 142 (Abst.)
 Female sex hormone—Cont'd
 is the Allen Doisy test specific for the, (Dohrn), 142 (Abst.)
 Fetal death following external version, (Fruhinsholz), 441 (Abst.)
 mortality in breech presentations, (King and Gladden), 78, 130
 Fetus in utero, effects of x-ray and radium upon the, (Toombs), 516, 718
 Fibroid, degenerating, in a woman seventy-nine years of age, (Schockaert), 286 (Abst.)
 tumors of the vulva, (Fullerton), 284 (Abst.)
 Fibroids and fibrosis uteri, radium treatment of, (Cleland), 508, 718
 pathology of, remarks on, (Deaver and Reimann), 288 (Abst.)
 suppurating, (Nisot), 286 (Abst.)
 uterine, after the menopause, (Shaw), 285 (Abst.)
 necrobiosis of, (Patel and Denis), 287 (Abst.)
 treatment of, (Deaver and Reimann), 288 (Abst.)
 by myomectomy, (Giuseppi), 290 (Abst.)
 Fibromatous uterus, torsion of the, (Peightal), 363, 413
 Fibromyoma of the tube, a case of, (Meyer), 285 (Abst.)
 Fibromyomas, uterine, treatment of, (Keene and Block), 848, 880
 Fibromyomata of the uterus, degeneration of, (Seed), 286 (Abst.)
 parasitic, (Masson), 284 (Abst.)
 Fistula, vesicovaginal, repair of, (Hertzer), 114
 Fluctuation of blood sugar before and after an eclamptic convulsion, (Laferty, Nark and Sweeny), 113
 Forceps, application of, in the superior strait, (Schockaert), 445 (Abst.)
 applied to the breech, (Varo), 445 (Abst.)
 case, the failed, and its treatment, (Miller), 443 (Abst.)
 cases, observations on unsuccessful, (Miller), 444 (Abst.)
 unsuccessful, (Hendry), 444 (Abst.); (Shaw), 445 (Abst.)
 causation, management and end-results of, (Miller), 444 (Abst.)
 the classic, and its application, a modification of the, (Seides), 262
 Four-bladed speculum, (Nelson), 112

G

- Galaetose, metabolism of, (Rowe and McGuinness), 351
 Gall bladder stasis in pregnancy, cholecystography as an aid in determining, (Fogelson), 613, 731

- Gestation, ectopic, relation of, to the associated uterine changes and vaginal bleeding, (Geist and Matus), 151
 report on seventy-six cases, (Bubis), 74
 relation of basal metabolism to, (Litzenberg and Carey), 550, 707
- Gonads, central regulation of the, the pituitary gland and the, (Liebesny), 141 (Abst.)
- Gravid uterus, peritoneal surface of the, decidual formation on the, (Hofbauer), 603
- Gynecologic ailments, use of testicular preparations in, (Vignes), 149 (Abst.)
 literature of 1928, a review of the, (Schochet), 885 (Collective Review)
- Gynecology, progress of teaching and practice in, during the last four decades, (Hirst), 209
 protein therapy in, (Hibbert), 227, 272

H

- Head presentations, prophylactic fixation of the anterior arm in performing version and extraction in, (Houël and Jahier), 441 (Abst.)
- Heart disease, pregnancy complicated by, experiences in the management of, (Pardee), 255
- Hebosteotomy, successful case of, with an auto-transplantation between the severed ends of the pubic bone, (Schmidt), 447 (Abst.)
- Hemiplegia during pregnancy, with the report of a case, (Scott), 401, 419
- Hepatic lesion in eclampsia, (Dieckmann), 454, 696
- High forceps operations, evil results of, and their prevention, (Franqué), 445 (Abst.)
- Homoplastic ovarian transplantation, transplantation material in, (Sippel), 148 (Abst.)
- Hormonal sterilization of female animals, (Haberlandt), 147 (Abst.)
 by means of insulin, (Haberlandt), 147 (Abst.)
 with insulin, (Vogt), 146 (Abst.)
- Hormone and pregnancy, (Aschheim), 140 (Abst.)
 female sex, content in the blood of women, variations in the, (Hirsch), 138 (Abst.)
 in the urine, especially in pregnant women, (Zondek), 139 (Abst.)
 of men, the presence of, (Laqueur, et al), 142 (Abst.)
- Hormone, female sex—Cont'd
 is the Allen Doisy test specific for the, (Dohrn), 142 (Abst.)
 the excretion of the, (Dohrn and Faure), 139 (Abst.)
 of the anterior lobe of the hypophysis, (Zondek and Aschheim), 139 (Abst.)
 of the ovary and the anterior lobe of the hypophysis, (Zondek), 140 (Abst.)
 ovarian follicular, effects of injections of, on body growth and sexual development of male and female rats, (Bugbee and Simond), 137 (Abst.)
 in the blood of the pregnant woman, study of the, (Smith, Margaret G.), 138 (Abst.)
 standardization of the, (Uhlmann), 150 (Abst.)
 ovum and, (Aschheim and Zondek), 143 (Abst.)
- Hormones of ovary and anterior pituitary, 137 (Selected Abstracts)
 of the anterior lobe of the pituitary and of the ovary in the urine of pregnant women, (Aschheim and Zondek), 141 (Abst.)
 sex, vegetable substances with activity resembling, (Dohrn, Faure, Poll and Blotvogel), 138 (Abst.)
- Hyperemesis gravidarum, observations on sixty cases of, (Peckham), 776
- Hyperthyroidism complicating pregnancy, (Falls), 536, 709
- Hypophysis, anterior lobe of the, and the ovary, hormone of the, (Zondek), 140 (Abst.); (Zondek and Aschheim), 139 (Abst.)
 of the rat, changes in the, after operative and x-ray castration, (Schenk), 143 (Abst.)
- Hypothyroidism, relation of, to obstetrics and gynecology, (O'Keefe), 294 (Abst.)

I

- Impetigo or pyodermitis neonatorum, (Reed), 49, 133
- Induction of labor, comparative study based on 500 consecutive cases of, (Reis), 392, 419
 medical, (De Guchteneere), 440 (Abst.)
 with animal bladders containing glycerine, (Gibberd), 439 (Abst.)
- Infertility, uterotubal insufflation followed by pregnancy in 205 cases out of a series of 2000 cases of, (Rubin), 484, 692

- In memoriam—George Clark Mosher, 453
- Insufflation, uterotubal, followed by pregnancy in 205 cases out of a series of 2000 cases of infertility, (Rubin), 484, 692
- Insulin and ovarian function, (Vogt), 145 (Abst.)
- effect on the ovary, dependence of, (Vogt), 146 (Abst.)
- hormonal sterilization of female animals by means of, (Haberlandt), 147 (Abst.)
- hormonal sterilization of female animals with, (Vogt), 146 (Abst.)
- Internal podalic version, maneuver to overcome the difficulty caused by Bandl's ring in, (Fernandez), 442 (Abst.)
- method of accomplishing, in the absence of amniotic fluid, (Araya), 442 (Abst.)
- Intestinal obstruction simulating twisted ovarian cyst, case of, (Fleischer), 109
- Intra- and extrauterine pregnancy, combined, advanced to the sixth month, (Duncan), 878
- Intraperitoneal operations, vaginal approach for certain, (Babcock), 573, 695
- Intrauterine applications of antiseptic solutions, prophylactic treatment of puerperal infection by, (Rosenfeld), 408
- Items, 884
- L**
- Labor and the puerperium, changes in the leucocytes during, (Jarcho), 13
- dry, an analysis of 600 cases, (Schulze), 20
- induction of, comparative study based on 500 consecutive cases of, (Reis), 392, 419
- with animal bladders containing glycerine, (Gibberd), 439 (Abst.)
- medical induction of, (De Gucheneere), 440 (Abst.)
- test of, results of expectant treatment in contracted pelvis and the, (Odagesco), 447 (Abst.)
- third stage of, factors governing blood loss in, (Calkins), 578, 701
- Lacerations of the perineum, complete, and their surgical treatment, (Phaneuf), 475, 687
- Laparotomies for myoma of uterus, (Essen-Möller), 291 (Abst.)
- Laparotrachelotomies, 61, comparison between 104 classical operations and, (Quigley), 597, 715
- Leiomyoblastoma and papillary cystoma of the ovary, report of a case of, (Stein and Bloom), 820
- Leucocytes during labor and the puerperium, changes in the, (Jarcho), 13
- Leucorrhea, treatment of, (Payne), 841, 879
- Lipiodol injection, effect of, on the tubes, (Ries), 728
- M**
- Magnesium sulphate dosage in synergistic analgesia and in tetanus, (Beckman), 735
- Malignancy, histologic, estimation of, from biopsy sections, (Hueper), 733
- Marital fertility and diminished birth rate in Europe, (Albrecht), 737 (Abst.)
- Maternal morbidity, postpartum, some factors in, (Toland), 411, 416
- mortality and its prevention, (Emmons), 738
- welfare, 738
- Median episiotomy, a new device for performing, (Michael), 265
- Membranes, untimely rupture of the, (Mayer), 327 (Abst.)
- Menopause, carcinoma of the ovary after the, associated with recurrence of uterine bleeding, (Strauss), 248
- menorrhagia of adolescence and of the, radium in the treatment of, (Stacy and Mussey), 502, 718
- uterine fibroids after the, (Shaw), 285 (Abst.)
- Menorrhagia as a symptom of myxedema, (Gardiner-Hill and Smith), 226 (Abst.)
- of adolescence and of the menopause, radium in the treatment of, (Stacy and Mussey), 502, 718
- Menstrual bleeding, parathormone in the control of, a study of the use of, (Allen and Goldthorpe), 344
- blood, regurgitation of, from one of double uteri caused by congenital atresia, (Allen), 868
- periods, blood calcium levels between and during, a comparison of, (Allen and Goldthorpe), 789
- Mereurochrome as a vaginal antiseptic before cesarean section, (Mayes), 645, 723
- Metabolism, carbohydrate, in toxemia of pregnancy, disturbances in, (Titus), 553, 706
